

Drama and English After School Opportunity

Beginning on Wednesday, August 16, from 3:30 until 5:00, WCHS students will be able to join a theater arts club in room 114. This is designed mainly for freshmen and sophomores who are not yet eligible for the regular theater arts class but who have an interest in the theater. Students will be working on monologues, skits, and one act plays, with the opportunity of attending performances at area community theaters. Anyone who is interested should see Ms. Pointer for more information. Students will need their own transportation.

Also, at the same time, students who need to make up tests or need some help with English assignments may stay for individualized assistance. See Ms. Pointer.
